

# Student Property and Liability Insurance Program

## For students living in university and college residences. Master policy purchased by the university.

Thompson Rivers University is pleased to include property and liability insurance for students while living in residence. For only \$80<sup>1</sup>, you will receive insurance that covers your personal belongings and protects you against loss or damage you may be liable for. Students who maintain their own insurance throughout their residency can elect to “opt-out” of the program by providing proof of alternate property insurance by September 15<sup>th</sup>.

### Coverage

For only \$80<sup>1</sup>, students will receive the following insurance coverage while they are living in residence:

#### **\$10,000**

##### **Contents Coverage**

Each student will be provided with coverage to protect your personal belongings up to \$10,000 — subject to a \$500 deductible. The policy provides coverage for all risks of loss or damage subject to exclusions.<sup>2</sup> Claims will be settled on a “replacement cost” basis (without deduction for depreciation).

#### **\$1,000,000**

##### **Personal Liability Coverage**

If a student is found to be responsible for causing accidental damage to university property or another student’s property (for example, if a student accidentally started a fire in their room) or accidental bodily injury to another person, the policy will respond up to \$1,000,000 to pay legal expenses and compensatory damages for which they are found to be legally liable.

#### **\$2,500**

##### **Additional Living Expenses**

If as a consequence of an insured loss the student’s residence is unfit for occupancy, the policy will pay the increased expenses (up to \$2,500) incurred by the student to obtain temporary housing. For example, if a student moves to a hotel for a few days while their room is being repaired, hotel costs including meals would be covered.

Under this program, the university purchases a master policy that provides insurance coverage for all students who are living in residence. Students who elect to participate in the program will receive a policy in their name outlining the coverages provided under the program, and will be provided a website address where they can access the policy wording.

<sup>1</sup> PST/RST is applicable in some provinces. Marsh Canada Limited (Marsh) is paid a commission of 20% for this policy which is part of your insurance premium. Marsh receives separate compensation from insurers for providing consulting, data analytics or other services.

<sup>2</sup> Typical exclusions on a policy include wear and tear, some water damage, intentional or criminal acts. Please refer to the policy wording for a complete list of policy conditions and exclusions.

## Benefits to students

- 1. Voluntary Participation** — Students have the option to “opt-out” of the program provided they have alternate insurance coverage in place — for example they have purchased their own policy or are covered under their parents’ Homeowners policy. **Students who wish to opt-out of the property and liability insurance program provided by the university must do so no later than September 15<sup>th</sup>. Students who do not opt-out by this date will be automatically enrolled in the program.**
- 2. Peace of Mind** — By participating in the program, students will receive the following insurance coverage:
  - Contents \$10,000 — “All Risks” coverage on a replacement cost basis — \$500 deductible.
  - Additional Living Expenses \$2,500.
  - Personal Liability \$1,000,000.
- 3. Additional Living Expenses** — While some Homeowners policies may extend Contents and Personal Liability coverage for students who are temporarily living away from home to attend university or college, Additional Living Expenses are not typically extended to third party locations. As a result, in the event of a claim where a student has to move out of their room while damages are being repaired, students should not rely on their parents’ Homeowners policy to provide coverage for any additional costs. Additional Living Expenses up to \$2,500 are covered under this program.
- 4. Program Coverage is Primary** — Where a student has elected to participate in the insurance program offered by the university and they are also covered by another policy such as their parents’ Homeowners policy, the coverage provided by this program is primary. In the event of a claim:
  - Coverage provided by any other policy would be secondary and would only be called upon to respond if the limits of coverage provided under this program were exhausted.
  - Your parents would not lose the “Claims Free Discount” on their Homeowners policy which is likely greater than the premium charged for the coverage provided under this program.
- 5. \$500 Deductible** — Most homeowners carry a \$1,000 deductible or greater on their Homeowners policy. As a result, smaller claims are more likely to be covered under the program due to the lower deductible.
- 6. Competitive Rates** — The cost is more affordable than similar policies offered by many insurance companies that charge up to \$250. Please note that the premium charged for coverage provided under this program will be included in the university residence fees unless a student elects to “opt-out.”
